EARTH PAYMENT CEREMONY:

Spiritual Connection in the Heart of Cusco

Experience designed to connect with the Andean worldview through a 'Payment to Pachamama' ceremony. A local shaman will guide the group in an ancestral ritual of gratitude and purification using sacred elements from nature, offering an opportunity to honor the Earth and find inner peace.

Duration: 1 hour

This experience can only be booked as a complement to the first tour ()*

EARTH PAYMENT CEREMONY STEPS:

WELCOME & PURIFICATION

The shaman gives a warm welcome and shares ancestral wisdom about Pachamama. The group gathers in a circle for the first symbolic act: cleansing. Each participant rubs their hands with sacred earth and then rinses them with water from the Vilcanota River, in a gesture of unity, purification, and renewal.

ENERGY CLEANSING & HARMONIZATION

For the spiritual cleansing, the shaman will take rue branches and gently rub them on the participants hands, inviting them to smell them to awaken the senses. Each participant will receive an energy cleansing with rue branches and floral water, moving the branches over the body to dispel negative energies.

EARTH PAYMENT CEREMONY STEPS:

ACT OF PAYMENT TO THE EARTH

The shaman guides the offering to Pachamama, a sacred act of unity and gratitude. With respect, the items are placed layer by layer: cotton representing the sky, flowers evoking harmony, coca leaves as a spiritual bridge, cookies for prosperity, seeds symbolizing abundance, and sugar to sweeten the paths. Finally, the offering is wrapped and returned to the earth, giving back what was received and asking for protection for the future.

END & BLESSING

The shaman will seal the offering and bury it, giving thanks to Pachamama for all that she provides: water, food, work, and life, while asking for protection and good paths for all participants. The activity concludes by inviting visitors to a moment of reflection and silence to internalize the experience. The shaman then departs, giving Andean blessings.
